

Request for information regarding RFI to request information regarding potential Science Investigations for the [Joint Dark Energy Mission \(JDEM\)](#). NASA is issuing this RFI to request information regarding potential space-based dark energy investigations to allow any member of the scientific community to provide input to NASA that may prove useful in the writing of the JDEM AO. Responses to this RFI must be submitted no later than May 1st, 2008. The response to this RFI will be in the form of a PDF document that is uploaded through NASA's NSPIRES system. The response should not exceed fifty pages in length.
